# 5th WORLD SUMMIT ON ARTS & CULTURE MELBOURNE 2011

3-6 October 2011

---

## Gavin Artz

Gavin Artz is CEO of the Australian Network for Art and Technology (ANAT), Australia's premier cross-disciplinary research and development organisation bringing together art, science and technology. He is Chair of the ISEA2013 Organising Committee, a Non-Executive Director of the Australian Design Alliance and is a working group member of MEGA SA where he is also a presenter and mentor for this university accredited technology start up entrepreneurship course. Gavin's business management experience ranges from multi-national companies to not-for-profit community organisations. He holds a BA in Politics, an MBA from the University of South Australia and has studied Double Bass and Composition at the Sydney Conservatorium of Music. Gavin advocates for new approaches to creative commercialisation and has written and presented on IP and commercialisation both in Australia and internationally.
